

WEEK # 2

TREASURE ISLAND WEEK

Ahoy Campers and Sleuth detectives. This week promises mystery and lots and lots of adventure. Get your spy glasses ready to read your very own treasure map, learn how to detect clues, make observations and find hidden treasure both strategically hidden and in nature. (Rock's, shells and different types of rocks and minerals.) Let your creativity shine with plenty of arts and crafts like decorating your own treasure chest to fill with your favorite treasure.

Campers will be begging for more when we work daily on teambuilding skills like sand tug of war and water games at Thompson Lake. Get ready for a mystery hike as we bowl for gold at the Howell Bowl E Drome.

On Wednesday you will enjoy the Ben Spitzer show. This will feature comedy, magic and juggling at the Howell Library.
