

## WEEK # 3

### STARS AND STRIPES WEEK

Join the celebration! Four day's of creativity and fun! This week bring your bike or wagon to camp and decorate your "ride" for a camp parade. Be prepared to get drench when you splash and dash this week down at Thompson Lake. You'll have a riot when your friends and counselors scramble during the bucket relay, Marco Polo and the balloon squat. What's Summer Camp without making a water balloon launcher? Test your skill and aim when you're challenged to hit one of our wacky targets on Page Field. We'll get a special treat when we visit the Howell Library when we join in on "Terrific Tuesday's!" Then catch the "Science Bug" with Grandma Science. No 4<sup>th</sup> of July will be complete without a cook out and face painting. Don't miss this!!
